Who We Are

2024

The Plant is a diverse 17-acre eco-industrial park located on the east side of Pittsboro, North Carolina. We are the home to like-minded local economy focused small businesses. The Plant has turned local commerce into an experience with an art gallery, many outdoor & indoor spaces for gatherings and events, amazing spirits, ciders, meads, beers, a coffee roaster, restaurants utilizing locally sourced foods, and a farm surrounding the businesses. Hemp clothing, axe throwing, candles & wellness products, local pantry goods and CBD products are also on site. Thursdays are Farmers Market Day, which is located next to the Native Plant Nursery we have on site. The overwhelming message about The Plant is there is a beautiful vibe felt here.

The Plant is proud of their beautiful event grounds which have seen conferences, workshops, carnivals, fiestas, fairs, art openings, birthdays, weddings, and funerals. The Plant and the Chatham Beverage District offer a lot of choices with an eco-industrial chic charm that will have you coming back for more.

Perfect for the unique couple that values out of the box thinking, buying local, community and the importance of taking care of our beautiful earth.

Our Mission

@ The Plant, we want to create events that showcase the best of what North Carolina has to offer. Our facility has a unique history that goes beyond the typical venues found in the state. Flower farm, turned cold-war era aluminum smelting facility, to a bio-diesel plant, and into the community of small-businesses it is today. We value our history by elevating the old infrastructure and building what complements the space.

We truly believe that North Carolina has some of the best offerings of anything you may need; from favors to food, we can offer you locally sourced options made available by the various businesses at our facility.

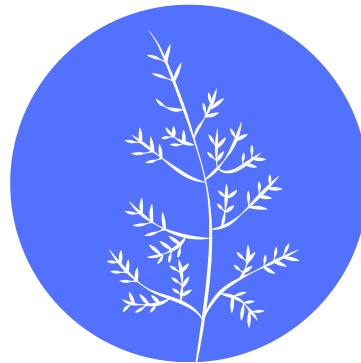

@ The Plant, we also strive for zero-waste events. Whenever possible, we encourage the use of compostables and re-purposed items. Even in our decor and floral, we try to source locally or from items with minimum environmental impact.

Pricing

Building 2 + Events Bar
\$3,500
125-150 ppl

With ample spacing for sit down dinners turned disco dance parties, Building 2 makes for the perfect reception space

SMELT
\$1,500
35-45 ppl

This unique spot makes for the best intimate rehearsal dinner venue

Honey Locust Gazebo
\$1,500
125-150 ppl

Surrounded by North Carolina native trees, and a naturally fed water spring in the background adds up to the most magical ceremony site. The Honey Locust Gazebo also doubles for a perfect outdoor reception site.

The add on of any ceremony site is a set cost of \$500
